

Profile

Dr. B J Goswami

DR. BIRAJ JYOTI GOSWAMI, a pioneer anterior segment surgeon of North-East, has been serving the people of that region as an Asst. Professor of RIO, Guwahati (1988-1994), then as Senior Consultant of Anterior Segment at Sri Sankaradeva Nethralaya, Guwahati for 10 years since inception (1994-2004) and presently as Director, Partner and Chief consultant (Ant. Segment) at Guwahati Eye Institute & Research Centre.

He has over 100 National & International presentations to his credit and has conducted over 50 instructions courses at AIOS & Zonal Conferences. Although Dr Goswami was the pioneering force to popularize Phacoemulsification in North East being the first one to start it in April 1995 and completing over 30000 PKE since then, he has a frontier place in Lacrimal Surgery in the country. But he loves to be an academic organizer, for which he was elected as Chairman, Scientific Committee of All Assam Ophthalmological Society for 6 years consecutively (2003-2009), and selected as president of EIZOC in 2018.

He always considers himself to be an ardent lifelong sentinel to these two organizations, OSA and EIZOC.
